

PRAYER PARTNER UPDATE

March 2012

Often the greatest ministry, the greatest work for God's kingdom, doesn't happen in large numbers. It happens in the heart and life of one person.

Think about the woman at the well. One person changed by a conversation with Jesus. Then there was the woman who touched His garment and was healed. One person reaching out to Him was changed forever. We often get caught up in the "numbers game" and forget about the power of reaching one person with the gospel. Even Jesus beautifully promised to leave the 99 to search for one lost sheep.

Lately on Airl1, you've heard stories of children who are being helped and healed by Cure International. One at a time, Christ is bringing hope to their lives. Here's how you can pray as this story continues to unfold:

- Pray for Nazar, the 15-year-old girl from Afghanistan we've been talking about on the air. On February 28, 2012, she had surgery on her cleft palate. Pray for this precious girl, for her family, and for the doctors who performed the surgery.
- Also, pray that Nazar's healing will continue - especially her emotional healing as she recovers from years of self-consciousness over her physical appearance. Pray that she will experience God's love, a love that goes far deeper than our outside appearance.
- Airl1 listeners from all over America have been knitting hats and praying for the children in Afghanistan who will receive them. Pray for God's blessing to rest on those simple acts of love for a child.

Thanks again for your faithfulness. As you sit or kneel alone, it may be hard to imagine the effect of your prayer. But it is working. We see it every day in the lives of those touched by Airl1. And now your prayers are bringing hope and healing to children across the world as well.

One prayer. One life changed. Now that's powerful!
